Ohio Mutual Recognizes 'Insurance Careers Month'

BUCYRUS, OH – February is “Insurance Careers Month,” a month during which organizations around the insurance industry focus on the benefits of insurance career paths. The main focus is on recruiting young professionals to the world of insurance and to demonstrate the benefits a career in insurance has to offer.

In recognition of “Insurance Careers Month,” Ohio Mutual has added a new “[Careers in Insurance](#)” page to the company website which features five videos that describe what it’s like to work in the insurance world and at Ohio Mutual.

The topics of the videos include growth within an individual’s career, the wide variety of opportunities available in insurance, values of working within an insurance organization, the breadth of professional opportunities, work/life balance, and the work environment differences between small and large insurance corporations.

“Insurance Careers Month gives us the opportunity to showcase the great career opportunities available in the insurance industry and at Ohio Mutual,” said Marcella Smith, VP of Human Resources. “We are looking for young professionals who are eager to reap the rewards of a career in the insurance industry.”

Additional information about career opportunities in insurance can be found at the following websites: InsureMyPath.org, InsuringOhioFutures.com, and InsuranceCareersTrifecta.org.
